Dept Energy

5. [] LIAISON Had several conversations during the day with Henry Myers, on the staff of the House Interior and Insular Affairs, in which he, for Chairman Morris Udall (D., Ariz.), was requesting access to documents concerning [] on a basis equivalent to that afforded the Subcommittee on Energy & Power, House Interstate and Foreign Commerce Committee (Dingell Subcommittee). I said of course and reminded him of our previous session where he had raised this as a possibility.

6. [] LIAISON Frank Potter, Counsel and Staff Director, House Interstate & Foreign Commerce Subcommittee on Energy & Power, called indicating that a Department of Energy official had pointed him in the direction of a recent CIA study on [] [] I said I would be back in touch with him.

7. [] LIAISON Scott Cohen, Executive Assistant to Senator Charles Percy (R., Ill.), called to request access to [] []

[] I said I would see what I could do but I would prefer that we handle this personally with the Senator on a look-see basis if we could not work it out through the Senate Select Committee on Intelligence. If it is done personally, Cohen asked that I call Nadine Jacobsen, on the Senator's staff, and set it up with the Senator.

8. [] LIAISON Met with John Tipton, GAO investigator who is reviewing the summaries of CIA documents in connection with GAO's investigation on behalf of the House Judiciary Subcommittee on Immigration, Citizenship, and International Law, to determine if any department or agency assisted in the entry of alleged Nazi war criminals into the U.S. Tipton and his GAO associate, Daniel Stanton, have been requested to testify before the Subcommittee on the results of their investigation and he feels that this appearance will constitute GAO's report to the Subcommittee rather than a report in writing. Tipton clearly acknowledged that the Agency will have full veto to excise intelligence sources and methods. To avoid any misunderstanding, we and the DDO will meet next week with Messrs. Tipton and Stanton and prepare an exchange of letters establishing the Agency's right of veto.
